- Would you like a renewed contact lens prescription today? No Yes
- Do you have a pair of prescription glasses specifically for computer use? No Yes
- How many hours, per day, do you work on a computer? _____ Hours
- How many hours, per week, do you spend outdoors? _____ Hours

DO YOU EXPERIENCE...

- Blurred Vision? No Yes
- Dryness? No Yes
- Problems with glare or reflection? No Yes
- Sensitivity to sunlight? No Yes
- Headaches? No Yes
- Floaters and/or flashes of light? No Yes

VISION SOURCE™

INSIGHT EYECARE

We pride ourselves on providing our patients with the best possible care. **An annual comprehensive eye exam requires that a doctor conducts a retinal evaluation every year, to screen for threatening diseases, such as diabetes, glaucoma, certain types of cancer, retinal tears, and cardiovascular disease.** There are two ways that our providers can check the health of the retina: The iWellness Retinal Exam or dilation.

The iWellness Retinal Exam includes two scans that capture holistic imaging of the back of the eye. One is a wide field photo of the back of the eye. The second scans the different layers of the retina and ensures there are no abnormalities between each layer. Scanning and photo documentation allows our providers to monitor and compare progression year to year. These scans allow for earlier detection of disease than dilation alone; however, dilation may still be medically indicated under certain circumstances. **The iWellness Retinal Exam is \$58 out-of-pocket.**

Dilation includes a series of eye drops that the doctor will administer to enlarge the pupil. The dilation process takes approximately 20-30 minutes for the drops to take effect. The doctor will use a magnification lens to view the back of the retina and evaluate for abnormalities. The dilation drops have side effects, including blurred vision for 6-8 hours and some light sensitivity. **Dilation is included in an annual exam and has no additional out-of-pocket expense.**

Our providers recommend the iWellness Retinal Exam be completed on an annual basis.

Please select one of the following options:

- I would like to do the iWellness Retinal Exam, for an additional \$58.
- I would prefer pupil dilation; I am aware that my vision will be blurry, and that my eyes will be light sensitive, for the next 6-8 hours.

I have read, and understand, this document:

INSIGHT EYECARE

Annual Contact Lens Program

At Vision Source Insight Eyecare, we carry the latest in contact lens technology, and specialize in the most complex contact lenses. This includes astigmatism-correction (toric) lenses, multifocal lenses, corneal disease (i.e., keratoconus) lenses, and post-surgical contact lenses. We are dedicated to your health and an enjoyable, comfortable contact lens experience; that is why we have the contact lens guarantee program. If you are not happy with your contact lenses, we will buy back any unopened boxes within 90 days of your initial evaluation.

A **Contact Lens Evaluation Fee** is necessary to renew the current contact lens prescription and monitor the health of your eyes. The contact lens evaluation includes precise measurements, an analysis of your vision needs, and recommendations specifically tailored towards you. The evaluation also includes diagnostic contact lenses, to ensure the proper fit of the lenses and good ocular health. The fee will cover the initial evaluation and all contact lens related follow-up visits, for a period of 90 days.

Contact Lens Evaluation Fees range in price, based on the complexity of your prescription and your eyes. Most vision insurances provide a 10-15% discount off the Contact Lens Evaluation Fee. Insurance providers consider contact lenses to be elective; therefore, the Contact Lens Evaluation Fee is not included under the annual comprehensive eye exam coverage.

New Patient – Contact Lens Evaluation Fees

- **Soft** Contact Lens Evaluation.....\$88 - \$148
- **Hard/Ortho-K/CRT** Contact Lens Evaluation.....\$1,400 - \$2,000
- **Gas Permeable** Contact Lens Evaluation.....\$198 - \$598

Established Patient – Contact Lens Evaluation Fees

- **Soft** Contact Lens Evaluation.....\$72 - \$128
- **Hard/Ortho-K/CRT** Contact Lens Evaluation.....\$300 - \$500
- **Gas Permeable** Contact Lens Evaluation.....\$117 - \$598

NOTE: The above fees do not include Medically Necessary Contact Lenses or Scleral Contact Lenses. Please ask a member of our front desk team, if you have any questions regarding the evaluation fees.

I have read, understand, and agree to the annual contact lens program policies stated above.
